PREMIER BUSINESS SOLUTIONS

STRATEGIC ADVOCATE

Your executive-level IT resource for developing and supporting long-term, strategic business technology solutions.

Technology is at the center of every business. Empower your business with one of our experienced industry professionals. Backed by a skillful team of technology consultants, your dedicated vCIO will assist you in strategic planning and execution. Virtual CIO (vCIO) is available as a recurring service subscription that provides you with a higher level of internal IT representation with executive expertise.

Seasoned customer advocate for IT cost containment and budgeting

Dedicated hours from an assigned resource that functions similar to a traditional staff augmentation

Structured, paid service that is tailored to your requirements and budget

No matter your current provider, Centre is your impartial partner for scalable IT solutions.
